Rick does this

*Verse* There's a beauty in the river

Everyone else in

There's a beauty in the stream

There's a beauty in the forest at night

When the lonely nightbird screams

*Verse* And there's so much time for singin'

And so much time for words

There's so much time to listen

And so much time to be heard

*Verse* There's a brighter day round the corner

There's a crown behind the hill

There's a city of light on that foggy mountain top

E A

Where the wind is never still

A D A

*Verse* And there's so much time in livin'

G D A
